

Know Your Rights as a Consumer Celebrating National Consumer Day

Prof (Dr) Sheetal Kapoor

We are all consumers as we buy goods and services from the market. Consumers constitute the markets and consumerism is a social force to aid and protect consumers by legal, administrative and economic policy measures. A country's economy turns around its markets. When it is a seller's market the consumer exploitation is the highest. When there are substantial number of buyers and sellers, consumers enjoy wide number of choices and have a win-win situation.

Many times, asymmetry in the market and ignorance of the consumers puts them in an exploitative position where manufacturers and sellers take unfair advantage of them. To protect consumers from these manipulative tactics of traders, Government of India brought a benevolent legislation on 24th December in 1986 known as Consumer Protection Act. Since then, 24th December is celebrated throughout the country as National Consumer Day. As consumers we face many glitches related to defective goods, deficiency in service, food adulteration, spurious goods, hoarding, use of deceptive and fractional weights, late deliveries, variations in the contents of the pack, poor after sales service, misleading advertisements, hidden price components, price discrimination, ATM and credit card frauds, financial frauds, real estate problems and problems related to public utilities, fake reviews, hacking of private information and digital frauds. As the sellers

National Consumer Day
24th December

and traders do not act responsibly it is required to inculcate this habit of self-help amongst consumers and educate them about their consumer rights, timely and effective redressal mechanism.

With the advent of digital technologies, growth of E-Commerce sector and digital marketing there has been a rapid change in the marketplace as witnessed by consumers and producers. The old legislation i.e. the Consumer Protection Act, 1986 does not support the provisions for contemporary technology which are utilised by buyers and manufacturers for buying and trading products. Thus, Consumer Protection Act, 2019 eliminates the challenges of the old act and offers advantages like, transparency of e-commerce companies, simplicity in online shopping, teleshopping, product recall, unsafe contracts and misleading advertisements.

CPA, 2019 provides a legislative framework for better protection of the interests of the consumer by creating a formal but quasi-judicial dispute resolution mechanism exclusively for consumers. This progressive social legislation establishes a three-tier quasi-judicial consumer dispute redress machinery at the National, State and District levels aimed at providing simple, speedy and affordable redress to consumers. At present there are 680 District Commissions out of which 630 are operational, 35 State Commissions and the National Commission at the apex level are functioning in the country.

CPA 2019 extends the coverage of consumer protection, its scope and enhances the powers of the redressal machinery. Some of the innovative features of CPA, 2019 are:

Career Opportunities in the World of Sports

Arti S

During the past few months we have many good news coming in about our country's achievements in sports. At the Commonwealth Games 2022 held in August, India finished with 61 medals in all, consisting of 22 gold, 16 silver and 23 bronze medals. India bettered its best-ever performances consistently in the last three out of four Olympic events, with the highest ever medal tally of seven at Tokyo Games. There was a time when Indian Hockey team, year after year proved its mettle with unparalleled success. In cricket also we have delivered superlative performance under the captaincy of legends like Sunil Gavaskar, Mohinder Amarnath, Kapil Dev and more recently Sachin Tendulkar, M S Dhoni, Virat Kohli. Many more names can be added to this list. Among the top women Indian sports-women we may count P.T. Usha, Mary Kom, P V Sindhu and Mithali Raj among others. These and many more such sports

personalities inspire our youth to enter the fascinating world of sports.

India's position in sports has come a long way from what it has been a decade or so. Hard work and persistence of our sports-persons, backed by the efforts of government and private sector is reflecting in our country's medal tally. However we are still away from becoming a sporting nation in true sense. The good thing is, our young generation is more inclined towards fitness and

sports which bodes well for India's future in sports.

Importance of sports can be gauged from the fact that now sports form integral part of school curriculum. Many of the successful players had started their sporting journey from their school days. Sports has a contribution in

shaping one's personality. It teaches us patience, respecting our opponents, to win with humility and to lose with grace. This is one discipline that not only builds character but also reveals it.

Institutional efforts for promotion of sports

Promotion of sports requires support from all corners. In India there is an institutional mechanism for this.

Role of Sports Authority of India

Sports Authority of India (SAI) is the apex body for promotion of sports in the country. It caters to budding talents in sports belonging to different age groups for participating at national and international level. Its regional centres are located at Bengaluru, Bhopal, Gandhinagar, Kolkata,

PM-DevINE Scheme

Rise of a New Dawn in the North East

BS Purkyastha

While Rs. 1,500 crore has been allocated for the initial list of projects under it, the PM-DevINE Scheme will have an outlay of Rs.6,600 crore for the four-year period from 2022-23 to 2025-26.

The eight states of Arunachal Pradesh, Assam, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim and Tripura together comprise India's North East Region (NER). The population of this region is over 45 million, which accounts for about 3.76% of India's total population. While it accounts for over a third of India's water resources and nearly 40% of the hydropower potential, vast fertile area, mineral deposits and large untapped human capital, the region has lagged behind the rest of the country when it comes to infrastructure development, industrialisation or employment. Lack of investments, geographical isolation, difficult terrain, inadequate utilisation of natural resources coupled with a history of insurgencies and separatist movements are the common culprits for this under-development. The obstacles are compounded by the fact that the North East, comprising around 7.98% of the country's area, is surrounded by five countries- China, Bangladesh, Myanmar, Bhutan, Nepal - leading to a total international border of 5483 km length and connected to the rest of India by a 27 km-long chicken-neck corridor.

The North East Region's development has been among the top priorities of the Government of India and it is to ensure this the government of India recently launched the Prime Minister's Development Initiative for North East (PM DevINE) scheme for the development of this region. First announced in the Union Budget 2022-23, the aim is to accelerate economic and social development of the eight states, with special emphasis on infrastructure projects in the spirit of PM Gati Shakti, and social development projects based on the felt needs of the North-East. The PM-DevINE scheme will enable livelihood activities for youth and women by filling the development gaps in various sectors, by providing funding for projects in infrastructure (especially road connectivity), healthcare, agriculture and livelihood. This would help improve the standard of living of people in the region.

PM-DevINE scheme: Accelerating development in North East India

The PM DevINE scheme ensures additional resources for the development of the NER as it will not be a substitute for existing Central or State schemes. The new scheme is a Central Sector Scheme with 100% Central funding and will be implemented by Ministry of Development of North Eastern Region (DoNER) through North Eastern Council or Central Ministries/ agencies. While the central ministries may also pose their candidate projects, priority will be given to those posed by the states. An initial allocation of Rs.1,500 crore has been made, as per Budget speech for 2022-23; and the initial list of projects is given in Table 1 below.

Sl. No.	Name of the Project	Total tentative cost (in Rs. crore)
1	Establishment of Dedicated Services for the Management of Paediatric and Adult Haemotolymphoid Cancers in North East India, Guwahati (Multi-State)	129
2	NECTAR Livelihood Improvement Project (Multi-State)	67
3	Promoting Scientific Organic Agriculture in North East India (Multi-State)	45
4	Construction of Aizawl By-pass on Western Side	500
5	Gap funding for Passenger Ropeway system for Pelling to Sanga-Choeling in West Sikkim	64
6	Gap funding for Eco-friendly Ropeway (Cable Car) from Dhapper to Bhaleydhunga in South Sikkim	58
7	Pilot Project for Construction of Bamboo Link Road at Different Locations in Various Districts in the State of Mizoram	100
8	Others (to be identified)	537
	Total	1,500

Source: PIB

Focus Areas of PM-DevINE's Initial Projects:

Transport and connectivity

Mainly focused on transport projects which are essential for the development of North-East India, a large portion of the Rs1500 crore are allocated for the construction of highways and ropeway systems. This is extremely important given that Sikkim, Arunachal Pradesh, Mizoram, Meghalaya, Nagaland, parts of Manipur and Assam consist of hilly terrain where connectivity has been a major obstacle in the road to development. The railway network has been largely confined to the states of Assam and Tripura, with connections to other states either absent or restricted to a handful of towns. Thus road connectivity is of utmost importance for movement of both people and goods. Mizoram-based projects such as Aizawl bypass and bamboo link roads indicate that Mizoram would be the biggest beneficiary of this initiative, followed by Sikkim with the two ropeway systems promising better connectivity in South and West Sikkim. The Aizawl bypass is expected to reduce traffic and congestion in the hill capital city. The construction of bamboo link roads for the transport of bamboo, a major forest resource of Mizoram, will help bamboo growers in remote and inaccessible areas in the state connect better with the rest of the country, and bring higher incomes in the long run.

Healthcare:

The announcement regarding establishment of dedicated services for the management of paediatric and adult haemotolymphoid cancers to be located at Dr. B. Borooah Cancer Institute (BBCI), Guwahati is a hugely welcome step. This initiative is expected to give a huge boost to cancer care in the region given that in the

last 11 years, 3,855 childhood and adult Haematolymphoid cancer patients reported to BBCI for treatment. The Population Based Cancer Registry of Indian Council of Medical Research (ICMR) reveals that the incidence of cancer in India is highest in the North-Eastern Region. The national average incidence of cancer every year varies from 90-120 per lakh population, whereas in the North-Eastern Region it is as high as 220-270 per lakh population. As per the ICMR report, more than 45,000 new cancer patients are detected in the North-Eastern Region each year, and 95% of patients from Sikkim, 58% from Nagaland, 16% from Manipur, 13% from Meghalaya go out of the North-Eastern Region for cancer treatment. Moreover, some cancers like paediatric and adult haematolymphoid (blood cancers) malignancies are among the curable cancers and, if treated optimally, patients can survive to live a long and fruitful life. Once the dedicated paediatric oncology block is established at Dr. B. Borooah Cancer Institute, approximately 1,000 patients annually can be offered treatment for this group of ailments, which will significantly reduce the patient expenditure and benefit the people of the North-Eastern Region immensely.

Livelihood:

The North East Center for Technology Application and Reach (NECTAR), an autonomous body under the Department of Science and Technology, Government of India, has been working on several programmes to upskill rural people in the region and ensure sustainable livelihood and improved incomes. State Specific TDCs (Technology Demo Centre) have been established to develop awareness among local people about the know-how of various technologies and their useful applications. A Bamboo-based TDC has been established in collaboration with the Bamboo & Cane Development Institute (BCDI), Agartala, Tripura, for promotion of the bamboo sector, its value addition and establishing market linkage. A Joint Centre called NECTAR-BCDI Incubation cum Innovation & Technology Demonstration Centre (IITDC)" has also been set up in the BCDI campus, Agartala, for training and skill development of participants across the NE region and other parts of the country. NECTAR has supported more than 300 vulnerable women in Manipur for skill and entrepreneurial development. As a part of the initiative, NECTAR collaborated with the Control Arms Foundation of India and the Manipur Gun Survivors Network, and the craft company Rangсутра, to help these women sell Manipuri handloom products to Fabindia. Among other successful initiatives are expanded honey production in Nagaland, production of eco-friendly yoga mats from water hyacinth by the fishing community in Deepor Beel Wetland area in Assam and improvement and sustainability of the traditional Terracotta and Pottery Business in Asharikandi, Dhubri, Assam. It has helped preserve the ancient heritage art of 'Charei Taba Pottery' (Coil Pottery) in Imphal-East Manipur and strengthened trade in cultural goods offering sustainable livelihoods. NECTAR recently guided the successful cultivation of saffron for the first time in Yangang village of South Sikkim. It is now being expanded to Twang, Arunachal Pradesh and Barapani, Meghalaya. The recognition of NECTAR's work in the eight states via the PM-DevINE scheme with the additional funds is expected to help identify many more potential livelihood projects in the region.

Organic Farming:

The North Eastern Region (NER) of India has tremendous potential for promotion of organic farming. Limited use of chemical inputs and farmers practising traditional methods of farming support the development of this region as the country's organic farming hotspot. The hilly terrain, fertile plains, agro and forest biodiversity, wetlands, and good rainfall encourage growing different horticultural crop groups like fruits, vegetables, spices, plantation crop, medicinal and aromatic plants etc. About 18 million hectare of land in NER is suitable for organic agriculture. Already, a variety of organic crops, including tea, Joha rice and lemon in Assam; ginger, large cardamom, Sikkim mandarin, turmeric, orchid, local chillies, aromatic rice, mushroom, and baby corncardamom and ginger in Sikkim; tamenglong orange, kachai lemon, black rice, pineapple in Manipur, pineapple, ginger, cowpea and paddy in Mizoram, turmeric, orange and passion fruit in Meghalaya and pineapples in Tripura are grown here. In January 2017, Prime Minister Narendra Modi declared Sikkim to be India's first fully organic State and Mizoram has followed in its footsteps.

The Agricultural & Processed Food Products Export Development Authority (APEDA) recently organised a conference on the export potential of natural, organic and geographical indications (GI) agro products in Guwahati to tap the abundant export potential of organic agricultural products from the North East Region. The region witnessed an 85.34% growth in the export of agricultural products in the last six years as it increased from \$ 2.52 million in 2016-17 to \$17.2 million in 2021-22. The major

Know Your Rights as a Consumer-Celebrating National ...

A. Consumer Disputes Redressal Commission: Consumer Disputes Redressal Commissions (CDRCs) have been set up at the district, state, and national levels. A consumer can file a complaint with CDRCs in relation to: (i) unfair or restrictive trade practices; (ii) defective goods (iii) deficiency in service; (iv) overcharging or deceptive charging; and (v) offering of goods or services for sale which may be hazardous to life and safety. Complaints against an unfair contract can be filed with only the State and National Appeals from District Commissions earlier known as District Forums are heard by the State Commissions and appeals from the State Commissions are heard by the National Commission. The final appeal lies before the Supreme Court. Table shows the Number of Cases filed in Consumer Commissions as on 31-8-2022

Total Number of Consumer Complaints Filed / Disposed since inception Under Consumer Protection Law as on 31-8-2022

Sl. No.	Name of Agency	Cases filed since inception	Cases disposed of since inception	Cases Pending	% of total Disposal	Remarks
1	National Commission	143928	120877	23051	83.98%	
2	State Commissions	881388	771737	109651	87.56%	
3	District Commissions	4609377	4121700	487677	89.42%	
	TOTAL	5634693	5014314	620379	88.99%	

B. Revised Pecuniary Jurisdiction: The Govt. has notified the rules for Consumer Protection (Jurisdiction of the District Commission, the State Commission and the National Commission) Rules, 2021. As per the rules revised pecuniary jurisdiction for entertaining consumer complaints in respect of goods and services paid as consideration are as follows:

- District Commission up to 50 lakhs
- State Commission More than 50 lakh to 2 Crore
- National Commission More than 2 Crore

C. Definition of 'Consumer' has been widened to include both offline and online consumers. The expressions "buys any goods" and "hires or avails any services" includes offline or online transactions through electronic means or by teleshopping or direct selling or multi-level marketing.

D. Central Consumer Protection Authority (CCPA): CCPA has been established under CPA, 2019 to promote, protect and enforce the rights of consumers, to investigate and intervene when necessary to prevent consumer detriment arising from unfair trade practices, and to initiate class action including enforcing recall, refund and return of products. It works on the same lines as the Federal Trade Commission in US.

Thus, CCPA acts on:

- complaints of unfair trade practices
- issuing safety guidelines
- ordering product recall or discontinuation of services
- referring complaints to other regulators
- has punitive powers such as imposing penalties
- can file actions before consumer commissions
- Intervene in proceeding in matters of consumer rights or unfair trade practices

CCPA has an Investigation Wing headed by a Director-General for the purpose of conducting inquiry or investigation under the Act. For false and misleading advertisements CCPA can issue a penalty upto Rs 10 lakh on a manufacturer and endorser and includes online marketing. For a subsequent offence, the fine may extend to Rs 50 lakh. For every subsequent offence, the period of prohibition may extend to three years. However, there are certain exceptions when an endorser will not be held liable for such a penalty. CCPA has the authority to direct the removal of a misleading advertisement and can take Suo-motu actions.

Recently, CCPA has directed e-commerce companies to recall the pressure cookers and reimburse their prices to the consumers and submit a compliance report of the same within 45 days. The company has also been directed to pay a penalty of Rs. 1,00,000 for allowing sale of such pressure cookers on its e-commerce platform and violating rights of consumers. The Domestic Pressure Cooker (Quality Control) Order, which came into force on 01.02.2021 mandates conformity to IS 2347:2017 for all domestic pressure cookers. Therefore, since 01.02.2021, all pressure cookers are required to conform to IS 2347:2017 and due diligence is required to be done whether the pressure cookers are offered for sale online or offline.

To raise cognisance and quality awareness among consumers, CCPA has launched a country-wide campaign to prevent sale of spurious and counterfeit goods that violate QCOs issued by the Central Government. Everyday usage products classified as part of the campaign consist of helmets, domestic pressure cookers and cooking gas cylinders. CCPA has written to District Collectors across the country to investigate unfair trade practices and violation of consumer rights concerning manufacture or sale of such products and submit Action Taken Report. Bureau of Indian Standards also conducted search and seizure of a number of non-standard helmets and pressure cookers, where 1,435 pressure cookers and 1,088 helmets which did not conform to mandatory standards have been seized by them.

E. Product Liability: Chapter VI applies to every claim for compensation under a product liability action by a complainant for any harm caused by a defective product manufactured by a product manufacturer or serviced by a product service provider or sold by a product seller. A product liability action may be brought by a complainant against a product manufacturer or a product service provider or a product seller, as the case may be, for any harm caused to him on account of a defective product.

A product manufacturer shall be liable in product liability action, if-

- the product contains a manufacturing defect; or
- the product is defective in design; or
- there is a deviation from manufacturing specifications; or
- the product does not conform to the express warranty; or
- the product fails to contain adequate instructions of correct usage to prevent any

harm or any warning regarding improper or incorrect usage.

F. Mediation: Chapter V of the Act introduces the concept of mediation for providing speedy redressal to consumers. The State Government, by notification, would open a consumer mediation cell which would be attached to each of the District Commissions and the State Commissions of that State. The Central Government would also establish, by notification, a consumer mediation cell to be attached to the National Commission and each of the regional Benches. A consumer mediation cell would consist of persons as may be prescribed who would act as mediators and try to resolve complaints between the business and the consumers with a win-win situation for both the parties. Every consumer mediation cell would maintain-

- a list of empanelled mediators;
- a list of cases handled by the cell;
- record of proceeding; and
- any other information as may be specified by regulations.

Every consumer mediation cell would submit a quarterly report to the District Commission, State Commission or the National Commission to which it would be attached.

G. Unfair Contracts: It means a contract between a manufacturer or trader or service provider on one hand, and a consumer on the other, having such terms which cause significant change in the rights of such consumer, including the following:

- requiring manifestly excessive security deposits to be given by a consumer for the performance of contractual obligations.
- imposing any penalty on the consumer, for the breach of contract thereof which is wholly disproportionate to the loss occurred due to such breach to the other party to the contract.
- refusing to accept early repayment of debts on payment of applicable Penalty.
- entitling a party to the contract to terminate such contract unilaterally, without reasonable cause.
- permitting or has the effect of permitting one party to assign the contract to the detriment of the other party who is a consumer, without his consent.
- imposing on the consumer any unreasonable charge, obligation or condition which puts such consumer to disadvantage.

H. Ease in Filing of Complaints: Several provisions aimed at simplifying the consumer dispute adjudication process in the consumer commissions have been added. These include, among others, enhancing the pecuniary jurisdiction of the consumer disputes redressal agencies, increasing minimum number of members in the consumer fora to facilitate quick disposal of complaints, power to review their own orders by the state and district commission, constitution of 'circuit bench' to facilitate quicker disposal of complaints, reforming the process for the appointment of the president and members of the district commission, and deemed admissibility of complaints if the question of admissibility is not decided within the specified period of 21 days.

The Act now allows consumers to file their complaints with the consumer courts from anywhere. This is a big relief as earlier consumers were required to file complaint in the area where the seller or service provider was located or where the transaction had taken place. This is a welcoming change, especially with the rise in e-commerce purchases, where the seller could be located anywhere. In addition, the Act also enables the consumer to file complaints electronically through E-Daakhil App in the Consumer Commissions and seek a hearing through video conferencing, saving both money and time and also a big relief to physically challenged consumers.

I. E-Commerce and Direct Selling Guidelines: The Consumer Protection (e-commerce) Rules, 2020 are mandatory and are not advisories. It mandates e-tailers to display details of sellers supplying goods and services on their websites and moot the procedure to resolve consumer complaints. They apply to all e-commerce retailers, whether registered in India or abroad, offering goods and services to Indian consumers. The e-commerce companies are required to ensure that personally identifiable information of customers are protected. Display terms of contract between e-Commerce entity and the seller relating to return, refund, exchange, warranty / guarantee, delivery / shipment, mode of payments, grievance redressal mechanism etc. to enable consumers to make informed decisions. All relevant details about the goods and services offered for sale by the seller including country of origin and in case of imported goods the name and details of the importer and guarantees related to the authenticity or genuineness of the imported products need to be provided to enable the consumer to make an informed decision at the pre-purchase stage. Marketplaces, as well as sellers, need to appoint a grievance officer. No e-commerce entity shall manipulate the price of goods or services to gain unreasonable profit or discriminate between consumers of the same class or make any arbitrary classification of consumers affecting their rights or post fake reviews.

It Pays to Complain

Consumer movement thus refers to the collective power of the consumers to take a country forward with respect to awareness, education and development. It is a social movement which attempts to improve the quality of living of the people by enhancing the economic well-being and bargaining power of consumers. Department of Consumer Affairs has launched its new mascot Jagriti which is an aware consumer about its rights and responsibilities. Further a short new code '1915' has been launched by the Department of Consumer Affairs, where more and more consumers have been found registering their grievances on the National Consumer Helpline. It is relevant to note that e-commerce continues to occupy the highest proportion of all grievances registered on NCH. Major types of consumer grievances at NCH relating to e-commerce include delivery of defective products, failure to refund paid amount, delay in delivery of product etc. The efficient and effective programme of consumer protection is of special importance to all of us since all of us are consumers. Even the marketer, producer or the service provider is a consumer of some other goods and services. Only vigilant consumers can safeguard themselves and the society.

Date: 23rd Nov, 2022

Advertisement for the Award of Junior Research Fellowship (JRF)

DRDO Young Scientist Laboratory- Artificial Intelligence (DYSL-AI) is constituted of young scientists who work towards research and development in the field of Artificial Intelligence. DRDO Young Scientist Laboratory-Artificial Intelligence (DYSL-AI) is at the forefront of artificial intelligence research, accelerating adoption of artificial intelligence for varied applications. The lab has associations with various eminent organizations such as IITs, IISc Bangalore, IIIT's and other leading academic institutions.

We are looking for young and meritorious Indian nationals, who desire to pursue AI related research as **Junior Research Fellow (JRF)** and join the revolution, using deep learning, natural language processing (NLP), computer vision and reinforcement learning to help us improve various research outcomes and drive innovation. At DYSL-AI, you will join a multidisciplinary team helping to shape our AI strategy and showcasing the potential of AI for defence through early-stage solutions. This is an excellent opportunity to take advantage of emerging trends and technologies to make a real difference.

The eligibility criteria and desired qualifications is as under:

SL No.	Title of Fellowship	Minimum eligibility Criteria	Desirable Qualification	No. of vacancies
1.	Junior Research Fellow	Graduate degree in professional course (B.E/B.TECH) in first division with NET/GATE (OR) Post Graduate degree in professional course (M.E/ M.TECH) in first division both at Graduate and Post Graduate level (OR) Post graduate degree in Basic Science in first division with NET Qualification.	a. Strong fundamentals in problem solving, algorithm design and complexity analysis. b. Expert in at least one major programming language (Python, Java, C++ or similar). c. Knowledge of classical AI algorithms, Machine Learning and Deep Learning techniques is strongly desirable. d. Proven experience with software libraries such PyTorch, Tensorflow, Keras, TensorRT, PyTorchMobile. Either one of the following: i. Comprehensive knowledge of speech and language technology, including speech recognition and natural language understanding/NLP/Machine Translation. (OR) ii. Comprehensive knowledge of 3D Vision and Simultaneous Mapping and Localization (SLAM), ROS. (OR) iii. Comprehensive knowledge of Computer Vision including Generative Models. (OR) iv. Comprehensive knowledge of Reinforcement Learning.	03

- Upper age limit:** 28 years as on the date of interview. Age and educational qualification will be calculated/determined as on date of interview. Age limit is relaxable by 5 years for SC/ST, 3 years for OBC candidates.
- Emolument:** Stipend of Rs.31000/- per month plus HRA as applicable (at present 27%). Hence, total emoluments will be Rs. 39,370/-. Based on the availability, accommodation can be provided, in which case, HRA will be deducted.
- Tenure:** Candidate will work initially for first two years as JRF and will subsequently be elevated as SRF for the remaining two/three years, subject to satisfactory performance to be assessed annually and as per DRDO rules.
- Candidates working in Govt./Public Sector Undertaking/Autonomous Bodies should apply through proper channel. They are required to submit a signed declaration (Annexure 'II') to the extent that they have informed their Cadre Controlling Authority (CCA) about their application for the fellowship in DRDO and required to produce a "No Objection Certificate" from their CCA as per Annexure 'III' at the time of interview.
- The offer of fellowship is purely on temporary in nature for a limited period as per rules in vogue and does not confer any right for absorption in DRDO.
- Those who were already awarded JRF position in any of the DRDO Laboratories/centers earlier, are not eligible to apply again.
- Candidate need to attach the proof of CGPA to percentage conversion formula from the University/Institution along with the application form.
- The Research Fellowship may be terminated at any time during the tenure with a prior notice of one month. Fellows may resign with a prior notice of one month.
- DYSL-AI, Bangalore reserves the right to amend, modify or cancel this advertisement. The above notified fellowships are likely to be increased or decreased or cancelled depending upon the prevailing requirement restrictions, if any, as per the policy of Government of India.
- The detailed advertisement with application form and other specimen formats are

available in the website www.drdo.gov.in (> What's New > Application for the post of JRF at DYSL-AI, Bangalore).

- It may please be noted that offer of fellowship does not confer on fellows any right for absorption in DRDO.**
- Application procedure:** Eligible candidates may send their duly completed applications as per details below:
 - Duly filled application (Annexure-1) downloadable from www.drdo.gov.in
 - NOC & other testimonials as applicable in case of serving candidate (Annexure-II & Annexure-III) downloadable from www.drdo.gov.in
 - CV
 - Self attested copies of educational certificate.
 - Self attested copies of DOB.
 - Self attested copy of caste certificate (Wherever applicable).

The application completed in all respect as above needs to be sent to "The Director, DRDO Young Scientist Lab-Artificial Intelligence, Dr. Raja Ramanna Complex, Raj Bhavan Circle, High Grounds, Bengaluru-560001" or the scanned copies can be sent by mail to accounts.dysl-ai@gov.in

- Last Date:** The last date for receipt of application at DYSL-AI is **21 days from the date of publication in Employment News or before 31st December 2022** (whichever is later). Applications received after due date for whatsoever reasons, shall not be entertained. Incomplete applications are liable to be rejected.

Candidates sending application by post should write in bold letters "Application for JRF recruitment" on TOP of the cover of envelope.

Selection Process:

Eligible candidates will be shortlisted on the basis of GATE score/percentage of marks obtained in the qualifying degree.

Shortlisted candidates are required to appear for online coding examination (tentatively on 19th January), details of the examination will be communicated subsequently on their mail ids.

The qualified candidates will be required to appear for personal interview to be held at **DRDO Young Scientist Laboratory- Artificial Intelligence (DYSL-AI) Dr. Raja Ramanna Complex, Raj Bhavan Circle, High Grounds, Bengaluru-560001** or through Video Conferencing as decided by Director, DYSL-AI, **date and time will be communicated to the shortlisted candidates separately by speed post/email**. The decision of the Director as to whether in person interview of through Video conferencing will be final and binding on the candidates.

The decision of the committee constituted by Director, DYSL-AI in selecting the candidate will be final and binding on all the candidates.

Important Instructions:

Only those candidates who have been awarded Degree/Provisional Degree certificate are eligible to apply.

Candidates should make their own arrangement for their stay and transport in Bangalore.

Candidate need to produce original Certificates/Testimonial for proof of Caste (where applicable), Age, Educational Qualification and No Objection Certificate (where applicable), along with two pass port size photographs at the time of interview.

Award of Fellowship shall not be claimed by any candidate as a matter of right. The selection of the candidate will be entirely the discretion of the Selection Committee of the Lab.

The candidate should bring supporting document for CGPA conversion.

The candidate may be allowed to register for part-time Ph.D. with any University/Institution during the tenure of the fellowship on approval of DYSL-AI.

No TA/DA will be paid for attending the interview or for joining, if selected.

DYSL-AI, Bangalore is situated at Dr. Raja Ramanna Complex, Raj Bhavan Circle, High Grounds, Bengaluru-560001.

For details contact DYSL-AI between 1000 to 1700 hrs on all working days (Monday to Friday) on 080-22017711.

NTPC Limited

(A Govt. of India Enterprise)

Registered Office: NTPC Bhawan, Scope Complex, 7, Institutional Area,
Lodi Road, New Delhi-110003, Website: www.ntpc.co.in,
CIN: L40101DL1975GOI007966

Advt. No.-26/22

NTPC Limited is India's largest integrated power company with installed capacity of 70,254 MW and has presence in the entire value chain of the power generation business. Commensurate with our country's growth challenges, NTPC has embarked upon an ambitious plan to attain a total installed capacity of 130 GW by 2032.

NTPC is looking for **General Manager (Safety)** for **Mining** area as per details given below:

Name of Post: General Manager (Safety) – 01 Post (E8 Level)

Required Qualification: Graduate in Mining Engineering from a recognized University/Institute with First Class Mine Manager's Certificate of Coal.

Experience Profile: Minimum 23 years of post-qualification experience in the executive cadre in coal mining operations. The candidate must have experience in opencast mining operations and atleast 03 years relevant experience in mine safety function.

Experience Requirement: Minimum 23 years of post-qualification experience in the executive cadre in the relevant area in a Govt./Public Sector Undertaking or Private company of repute, out of which either (i) 10 years' experience in the post and scale of Rs. 1,00,000 – 2,60,000 or above (IDA pay scale of E7 grade or above of NTPC effective from 01.01.2017) OR (ii) minimum 05 years' experience in the post and scale of Rs. 1,20,000 – 2,80,000 or above (IDA pay scale of E8 grade or above of NTPC effective from 01.01.2017) or equivalent level/post profile.

Upper Age Limit: 55 Years

Level/Pay Scale for Recruitment: E8 Grade /IDA (Rs. 1,20,000 - 2,80,000). Additionally, DA, Other perquisites and allowances, HRA/Company Accommodation, Medical Facilities, PRP, Group Insurance, Terminal benefits etc as per Company's Rules in force from time to time.

Selection process: Candidates will be shortlisted for personal interview based on their experience profile.

RESERVATIONS

Name of the Post	Unreserved	EWS	OBC	SC	ST	Total
General Manager (Safety)	01	-	-	-	-	01

HEALTH

The candidate should have sound health. Before joining, candidate will have to undergo medical examination at any of the NTPC hospitals and the decision will be final and binding. No relaxation in health standards is allowed. Detailed medical norms are available on the website careers.ntpc.co.in

GENERAL CONDITIONS:

- Only Indian Nationals are eligible to apply.
- All qualifications should be from Universities / Institutions recognized and approved in India.
- All computations of age/ experience requirement / qualification shall be done w.r.t. the last date of receipt of online application as mentioned in the advertisement.
- Candidates claiming to belong to any particular category shall necessarily have a valid EWS/OBC(NCL)/SC/ST/PwBD certificate, as the case may be, from the Competent Authority.
- Depending on the requirement, the Company reserves the right to cancel / restrict / curtail/ enlarge the number of vacancies, if need so arises, without any further notice and without assigning any reason thereof.
- In order to restrict the number of candidates to be called for an interview, if so required, the Management reserves the right to conduct online screening/shortlisting/selection test or to raise the minimum eligibility standards/ criteria, as per requirement.
- While applying for the post, the applicant should ensure that he / she fulfills the eligibility and other norms mentioned above, as on the specified dates and that the particulars furnished are correct in all respects. In case it is detected at any stage of recruitment that a candidate does not fulfill the eligibility norms and / or that he / she has furnished any incorrect / false information or has suppressed any material fact(s), his/her candidature will stand automatically cancelled. If any of the above shortcoming(s) is / are detected even after appointment his / her services are liable to be terminated without any notice. Canvassing in any form shall disqualify the candidate.
- Posting shall be at any of the Stations/ Projects/ JVs/ Subsidiaries of NTPC. All posts are transferable at the sole discretion of the Management.
- The mere fact that a candidate has submitted application against the advertisement and apparently fulfilling the criteria as prescribed in the advertisement would not bestow on him/her the right to be definitely called for interview/ considered further for selection process.
- Any proceedings in respect of any matter of claim or dispute arising out of this advertisement and / or an application in response thereto can be instituted only in Delhi and courts / tribunals / forums at Delhi only shall have sole and exclusive jurisdiction to try any such cause / dispute.
- In case any ambiguity/dispute arises on account of interpretation in versions other than English, the English Version will prevail.

HOW TO APPLY

Interested candidates should log on to our website careers.ntpc.co.in or visit careers section at www.ntpc.co.in for applying. No other means/ mode of application shall be accepted. Candidates are required to possess a valid email ID. NTPC will not be responsible for bouncing back of any email sent to the candidates. **There is no application fee for this recruitment.**

After applying online, candidate is required to download the registration slip generated by the system with unique registration number. Copy of registration slip may be retained by the candidate for future reference. No document is required to be sent to us by post.

It is mandatory that eligible candidates go through the full text of the advertisement and agree to all the conditions given, while applying for the post. There is no application fee for this recruitment. Any further addendum/corrigendum/updates will only be published on our website.

Commencement of online application: 08.12.2022

1. POST CODE, NAME OF POST, NUMBER OF POST, QUALIFICATION:

Post Code	Name of the Post	No. of Post(s)	Qualification
1	Dy. Engineer (Project - Mechanical)	5	Degree in Mechanical Engineering & NDT Level 2 Certification
2	Asst. Engineer (Project - Mechanical)	5	Diploma in Mechanical Engineering & NDT Level 2 Certification
3	Dy. Engineer (Project - Mechanical)	3	Degree in Mechanical Engineering
4	Asst. Engineer (Project - Mechanical)	3	Diploma in Mechanical Engineering
5	Dy. Engineer (Project - Civil)	2	Degree in Civil Engineering
6	Asst. Engineer (Project - Civil)	1	Diploma in Civil Engineering
7	Dy. Engineer (Project - Electrical)	2	Degree in Electrical Engineering
8	Asst. Engineer (Project - Electrical)	2	Diploma in Electrical Engineering
9	Dy. Engineer (Project - Electronics & Telecom)	2	Degree in Electronics & Telecom Engineering
10	Asst. Engineer (Project - Electronics & Telecom)	1	Diploma in Electronics & Telecom Engineering
11	Engineer (Project)	2	Degree in Engineering / Project Management in any discipline for Planning Manager
12	Dy. Engineer (Project)	1	Diploma in Engineering / Project Management in any discipline for Planning Manager
13	Engineer (Project)	2	Degree in Fire & Safety Engineering / Graduation in Science / Degree in Technology / Engineering with Diploma in Industrial Safety for Health, Safety & Environment Manager
14	Dy. Engineer (Project)	1	Diploma in Technology / Engineering with Diploma in Industrial Safety for Health, Safety & Environment Manager
15	Jr. Engineer (Project)	1	Diploma in computer application for SAP Engineer / Data Operator
16	Dy. Engineer (Project - Civil)	7	Degree in Civil Engineering
17	Asst. Engineer (Project - Civil)	7	Diploma in Civil Engineering
18	Dy. Engineer (Project - Mechanical)	5	Degree in Mechanical Engineering (Preference to Mechanical Engineers having NDT Level 2 Certification)
19	Asst. Engineer (Project - Mechanical)	4	Diploma in Mechanical Engineering (Preference to Mechanical Engineers having NDT Level 2 Certification)
20	Dy. Engineer (Project - Chemical)	1	Degree in Chemical Engineering
21	Asst. Engineer (Project - Chemical)	1	Diploma in Chemical Engineering
22	Asst. Engineer (Project - Mechanical)	10	Degree in Mechanical Engineering (Preference to Mechanical Engineers having NDT Level 2 Certification)
23	Asst. Engineer (Project - Civil)	5	Degree in Civil Engineering
24	Asst. Engineer (Project - Chemical)	2	Degree or its equivalent in Chemical Engineering
25	Asst. Engineer (Project - Mechanical)	2	Degree or its equivalent in Mechanical Engineering

Post Code	Name of the Post	No. of Post(s)	Qualification
26	Dy. Engineer (Project - Electrical)	1	Degree or its equivalent in Electrical Engineering
27	Asst. Engineer (Project - Electrical)	1	Degree or its equivalent in Electrical Engineering
28	Asst. Engineer (Project - Instrumentation)	2	Degree or its equivalent in Instrumentation Engineering
29	Dy. Engineer (Project - Mechanical)	3	Degree in Mechanical Engineering & NDT Level 2 Certification
30	Asst. Engineer (Project - Mechanical)	2	Diploma in Mechanical Engineering & NDT Level 2 Certification
31	Dy. Engineer (Project - Civil)	3	Degree in Civil Engineering
32	Asst. Engineer (Project - Civil)	2	Diploma in Civil Engineering
33	Asst. Engineer (Project - Electrical)	1	Diploma in Electrical Engineering
34	Engineer (Project)	1	Degree in Engineering / Project Mgt. in any discipline for Planning Manager
35	Dy. Engineer (Project)	1	Diploma in Engineering / Project Mgt. in any discipline for Planning Manager
36	Senior Consultant (Civil)	1	Diploma in Civil Engineering
37	Dy. Engineer (Design - IT)	2	Degree in Engineering in Computer Science/IT with 60% or above
38	Senior Officer (Mech.)	1	Diploma in Mechanical Engineering
39	Senior Consultant (Mech.)	1	Diploma in Mechanical Engineering
40	Engineer (Design - Electrical)	2	Degree in Electrical Engineering or any combination with Electrical Engg.
41	Asst. Engineer (Design - Electrical)	3	
42	Asstt. Engineer (Design - Mech.)	1	Degree in Mechanical Engineering
43	Jr. Engineer (Design - Mech.)	1	Diploma in Mechanical Engineering
44	Asstt. Executive (Purchase & Store)	2	Degree in Engineering in any discipline or Graduation with MBA in Material Management
45	Engineer (Project - Mechanical)	2	Degree in Mechanical Engg. or equivalent with NDT (RT-II,UT-II,LDP-II,MPT-II) Qualified.
46	Dy. Engineer (Project - Mechanical)	4	Degree in Mechanical Engg. or equivalent with NDT (RT-II,UT-II,LDP-II,MPT-II) Qualified.
47	Asst. Engineer (Project - Mechanical)	4	Degree in Mechanical Engg. or equivalent with NDT (RT-II,UT-II,LDP-II,MPT-II) Qualified.
48	Dy. Engineer (Project - Mechanical)	4	Degree in Mechanical Engg./ Production Engg./ Industrial Engg./ Production & Industrial Engg./ Mechanical & Automation Engg./ Manufacturing Engg. Or its equivalent/combination thereof with NDT Level 2 Certification
49	Dy. Engineer (Project - Mechanical)	4	Degree in Mechanical Engg./ Production Engg./ Industrial Engg./ Production & Industrial Engg./ Mechanical & Automation Engg./ Manufacturing Engg. Or its equivalent/combination thereof
50	Engineer (Project)	3	Degree in Engineering / Project Management in any discipline for Project Planning & Monitoring
51	Dy. Engineer (Project - Civil)	7	Degree in Civil Engg./ Construction Engg. Or its equivalent/ combination thereof
52	Dy. Engineer (Project - Electrical)	6	Degree in Electrical Engg./ Electrical & Electronics Engg./ Electrical & Instrumentation Engg. Or its equivalent/ combination thereof
53	Dy. Engineer (Project - Electronics & Telecom)	4	Degree in Electronics Engg./ Electronics & Telecommunication Engg./ Electronics & Communication Engg./ Instrumentation Engg./ Electronics & Instrumentation Engg./ Instrumentation & Control Engg./ or its equivalent/ combination thereof

India-Australia Economic Cooperation and Trade Agreement

The Free Trade Agreement between India and Australia has passed through the Australian Parliament. A significant moment for India-Australia bilateral ties, the pact, formally known as the India-Australia Economic Cooperation and Trade Agreement (Ind-Aus ECTA), is said to further strengthen the India-Australia Comprehensive Strategic Partnership.

What is India-Australia ECTA?

The India-Australia Economic Cooperation and Trade Agreement was signed in April 2022 covers the entire gamut of trade & commercial relations, removing trade barriers and opening a plethora of opportunities in both goods and services.

The Agreement encompasses cooperation across the entire gamut of bilateral economic and commercial relations between the two friendly countries, and covers areas like Trade in Goods, Rules of Origin, Trade in Services, Technical Barriers to Trade (TBT), Sanitary and Phytosanitary (SPS) measures, Dispute Settlement, Movement of Natural Persons, Telecom, Customs Procedures, Pharmaceutical products, and Co-operation in other Areas. Eight subject specific side letters covering various aspects of bilateral economic cooperation were also concluded as part of the Agreement.

The ECTA between India and Australia covers almost all the tariff lines dealt in by India and Australia respectively. India will benefit from preferential market access provided by Australia on 100% of its tariff lines. This includes all the labour-intensive sectors of export interest to India such as Gems and Jewellery, Textiles, leather, footwear, furniture, food, and agricultural

products, engineering products, medical devices, and Auto-mobiles. On the other hand, India will be offering preferential access to Australia on over 70% of its tariff lines, including lines of export interest to Australia which are primarily raw materials and intermediaries such as coal, mineral ores and wines etc.

Impact of ECTA

ECTA would give a big boost to several sectors of the economy, especially textiles, gems and jewellery, and pharmaceuticals. It may be noted that 10 lakh jobs are estimated to be created as the result of the ECTA. The Agreement would also open new opportunities for the service sector in India and would immensely benefit students by offering them an opportunity to work in Australia.

It is expected that with this agreement, the total bilateral trade will cross US\$ 45-50 bn in 5 years from existing US\$ 31 bn. India's Merchandise Exports is likely to increase by 10 billion by 2026-27. Moreover, since the labour-intensive sectors will be benefitted, it is expected to create an additional employment of at least 10 lakhs jobs in India, create ample opportunities for investment, promotion of start-ups. Similarly, it would provide enhanced job opportunities for

Indians in Australia and increased remittance flows to India.

Around 96 per cent of Australia's exports are raw materials and intermediate products which will allow many Indian industries to get cheaper raw materials and make them competitive.

EN EXPLAINS

Investments will help increase the presence of higher value products of advanced technology, thereby promoting vertical Movement in the value chain (Engineering, Electronics, Pharmaceuticals & Medical devices). Another major gain is in the pharmaceuticals sector, where drugs approved in other developed jurisdictions will get fast track approval for patented, generic and biosimilar medicines.

As regards trade in services, Australia has offered wide ranging commitments in around 135 sub sectors. which cover key areas of India's interest like IT, ITES (Information Technology Enabled Services), business services, health, education, and audio visual. Some of the key offers from Australia in the services space include: quota for chefs and yoga teachers; post-study work visa of 2-4 years for Indian students on

reciprocal basis; mutual recognition of professional services and other licensed/regulate occupations; and work and holiday visa arrangement for young pro-fessionals. Moreover, the long pending issue under double taxation related to IT/ITES has been resolved under this Agreement which will provide a financial savings of more than US\$ 200 million per year as per the estimates received from the Industry Associations.

Being the world's largest democracy and a market of 1.3 billion people, India's young population, diversified economy and growth trajectory present significant opportunities for Australian business, including in education, agriculture, energy, resources, tourism, healthcare, financial services, infrastructure, science and innovation, and sport.

Why is ECTA crucial?

Growing India-Australia economic and commercial relations contribute to the stability and strength of a rapidly diversifying and deepening bilateral relationship between the two countries. India and Australia have been each other's important trading partners. Australia is the 17th largest trading partner of India and India is Australia's 9th largest

trading partner. Both the democracies are part of the four-nation QUAD, Trilateral Supply Chain Initiative, and the Indo-Pacific Economic Forum (IPEF). The trade relationship facilitated through ECTA will open a new chapter on India-Australia Comprehensive Economic Partnership between two vibrant economies with shared interest and trade complementarities.

This agreement initiated by the Hon'ble Prime Ministers of both the sides, is the cornerstone of India and Australia's multifaceted bilateral relations. ECTA is the first trade agreement of India with a developed economy after more than a decade. This will also connect with more than seven lakhs of Australia's Indian diaspora, second highest tax paying diaspora, which makes a significant contribution to Australia's society and economy.

ECTA provides for an institutional mechanism to encourage and improve trade between the two countries. For the first time, decisions completely based on extensive stakeholder consultations with every industry, Ministries, trade associations etc unlike the previous FTAs was undertaken.

In a nutshell, the India-Australia ECTA will further cement the already deep, close and strategic relations between the two countries and will significantly enhance bilateral trade in goods and services, create new employment opportunities, raise living standards, and improve the general welfare of the peoples of the two countries.

Career Opportunities in the World of Sports

Chandigarh, Guwahati, Imphal, Lucknow, Mumbai and Sonepat. There are 23 SAI Centres of Excellence (NCOE), 66 SAI Training Centres (STCs) and 30 Extension Centres of these STCs where young boys and girls undergo training in sports. These have residential as well as non-residential programmes. At a time more than 9000 young people are enrolled in all the above. At NCOE scientific tools such as anthropometry, biometry, biomechanics, performance analysis, physiotherapy, psychology, strength and conditioning are used to evaluate and enhance performance of the players. There are Talent Identification and Development Committees in various disciplines (of sports) to select/weed out candidates for/from NCOEs. It should be noted that at a particular centre, training in selected discipline/s only is available. Once a candidate decides her area of interest, she should approach those centres where facility of training in that sport is available.

For almost every major sport, a promoting body exists in our country. Information regarding their vision and mission, activities and facilities offered by them is available from website of these organisations which include Athletic Federation of India, Badminton Association of India, All India Football Federation, All India Tennis Association etc. There are associations/federations for other games like archery, weightlifting, boxing, cycling, hockey, cricket, golf, judo, kabaddi, gymnastics, billiards, golf, swimming, handball etc.

Other government and private sector organisations have been trying for promotion of sports through various means. Indian Railways have Railway Sports Promotion Board which is involved in promotion of sports at national and international level. The board works in coordination with 33 Railway Sports Association and National Sports Federations for specific sports. Industry giant Tata Group is well-known for its support to cause of sports. Tata Steel has been one of the foremost corporate promoters of Indian sports – having built academies for football, archery, athletics, hockey and climbing. Many other government, public and private sector companies have been supporting sports persons and sports events through sponsorship etc.

Job opportunities for sportspersons in government and public sector organisations

For sportspersons there is a provision of five percent reservation in jobs in government and public sector undertakings. These opportunities are open to players with strong credentials and achievements. For example, in railways to become eligible for a sports quota job in group C, the candidate should have represented country in International Championship or represented state unit or equivalent in junior/senior championship and should've achieved at least 3rd position or should have represented an university in All India Inter University Championship and obtained at least 2nd position or represented state or equivalent unit and obtained 1st position. Those having represented district or equivalent unit in junior/senior state championship can apply for group 'D' positions.

Let us explore the options for those who are passionate about sports and want to make a career in this domain.

Athlete/Sportsperson: This is one of the most obvious professions in sports. A sportsperson is a professional who plays any of the games from athletics to cricket, basketball, football, etc. These players compete in individual or team competitions. These are trained professionals

who work hard, keep themselves fit and participate in any sports with sportsman's spirit.

The skills that a sports person require, are- discipline, hard work, focus, determination, physical stamina. If you are a student you can make a beginning by joining your school/institutes team and grow with improved performance. By joining Sports Authority of India or other organisations training programmes and working hard, your prospects will become better. Some of you may thus get to participate in state/national level championships and ultimately at Asian/Olympic games.

Admission can also be sought in state government establishments or private academies for particular sports (like Pullela Gopichand Badminton Academy at Hyderabad).

Sports Teacher: This in a way is the simplest of careers related to sports. Sports is also taught as a discipline in educational institutes. Most educational institutes appoint sports or physical education teachers. There are various qualifications (Diploma/Bachelor/Masters in Physical Education) which makes a person eligible to apply for the position as a sports teacher. Sports universities / colleges and many other universities/colleges offer such courses. The major duties of a sports teacher involves training students in various sports, organise sports events, fitness sessions etc.

Sports Management: We know sport is a big business all over the world, even otherwise all large scale sports events need to be suitably managed. Management has many disciplines of which sports management is one which involves planning, supervising and organising different sporting events, both international and domestic and dealing with all the business-related matters, sports clubs, athletes, sportspersons, sports venues, and sports events.

A managerial career in sports is possible with a Bachelor or Master's qualification in management. However by pursuing a course dedicated to sports management, you've better credentials. You may look for a career in sports marketing, sports media, sports apparel, celebrity endorsement, event management etc. etc.

Sports Coach: You might have heard many accomplished players talking about the role of their coaches in their achievement and expressing their gratitude to their coaches. Coaches mean a lot to the players whom they train and coach. A sports coach or trainer provide training and guidance to players in a particular sport. A coach dedicates his/her time to bring up the potential of his/her disciple (player) and sincerely tries to make the disciple(s) the best player(s) in the world. He or she teaches them tips and tricks to excel in the game. Coaches work from full time to part-time and might work as a coach side by side with any other job they might be doing. Though a qualification to work as a sports coach may be obtained, it's a skill based role and one requires to be aware of the finer points of the game and compete with high order social skills, motivational skills, organising skills. Patience is also a virtue in this role. Most of the times, sportspersons become sports coaches after completing their journey as athletes.

Sports and Fitness Nutritionist: A sports person needs to be fit and have proper nutrition to perform well during practice and actual performance. Sports and/or fitness nutritionist is a professional who advises athletes on nutrition and dietetics. The professional is concerned with athletes taking proper nutrition and exercise. As far as expertise of these professionals is concerned, they need to

have in-depth knowledge of nutrients, be aware of sports performance in various areas, and most importantly the medical history of their clients. They should be able to explain complex terms and things related to fitness/nutrition, in a simple manner.

Sports Physiotherapist: In sports tiredness and injuries are common. A sports physiotherapy professional helps athletes overcome tiredness and prevent injuries. By making assessment of individual cases, a physiotherapist creates a recovery or treatment strategy/plan, and provides therapy accordingly. The expertise of a physiotherapy professional lies in providing instant treatment as well as long term medication/ exercise. A sports physiotherapist manipulates the body parts of the athletes by way of therapy, massages, physical exercise, etc.

Umpire/Referee: Every game has its own rules and way of playing and somebody has to see that these are followed meticulously. An umpire or referee is a person who keeps a close eye on a sports match and passes on instructions to the players as and when needed. She needs to know the game well, has to be fair, clear communicator and assertive to do well in the role of an umpire/referee. Here also an ex player is more likely to perform the job of an umpire or referee.

Sports Journalist: Look at big newspapers, you'll find exclusive pages for reporting of sports events. There are exclusive magazines devoted to sports and in the same way there are sports channels on television. If you want to work in media and also have serious interest in sports, this may be the career for you. In some cases a sports journalist is solely responsible for covering one professional sports team, whereas in others she may be required to produce stories on a variety of local, university and/or professional teams and events.

Main duty of a sports journalist may be interviewing and profiling athletes, while some of them may focus on game/tournament highlights and results. A sports journalist career over a time may also see a transition into a public relations role at an university or with a professional team, which involves marketing/advertising and communication skills along with journalistic abilities. Though a formal degree/diploma may prove to be an added advantage, many successful journalists have no such qualification.

Sports Commentator: Sportspersons may play for their own happiness and satisfaction but all big tournaments and events are followed by a large number of sports enthusiasts often called fans. For their benefit commentary of such events is aired over radio and satellite channels. Those who provide professional commentary of sports matches are called commentators. A commentator may or may not have been a player of the game but should know the game well. With pleasant voice, good tonal quality, an eye for detail and sense of humour and of course passion for the sport one can chose to be a sports commentator for one or more sports. In many case commentators also play an off-field role after the game in reviewing games and discussing performances. A commentator may or may not be a former player.

Courses: There are a number of Sports Universities in country offering specialised courses which may help you to work in the area of sports. Some of these are profiled below:

Lakshmibai National Institute of Physical Education, Gwalior Offers Postgraduate Diploma in Sports Coaching (in either of Athletics, Basketball, Volleyball, Football, Kabaddi, Judo, Hockey, Handball, Wrestling)/Fitness Management, M.A.(Sports Psychology/ Journalism/ Management), M.Sc. Sports Biomechanics Exercise Physiology

Tamil Nadu Physical Education and Sports University, Chennai offers B.Sc. / M.Sc. (Sports Coaching), BBA/MBA (Sports Management), M.Tech (Sports Technology) M.Sc. (Sports Psychology and Sociology/Psychology), B.Sc./M.Sc. (Sports Biomechanics and Kinesiology), B.Sc./M.Sc. (Exercise Physiology & Nutrition)

Sri Sri Aniruddhdeva Sports University, Chhabua, Assam offers Postgraduate Diploma in Sports Coaching (Athletics/ Football)

Maharaja Bhopinder Singh Sports University, Patiala offers Bachelor/Master of Physical Education and Sports, Bachelor of Sports Science

At Swarnim Gujarat Sports University, Gandhinagar you can undergo BBA/MBA (Sports Management, Event Management with Specialisation in Sports B.Sc.in Sports Coaching, Masters in Journalism and Mass Communication (Sports Journalism), Postgraduate Diploma in Sports Journalism/Disability Sports/ Kayaking and Canoeing/Sports Nutrition/ Adventure Sports Administration/Sports Coaching (Kho-Kho)/Sports Management

Netaji Subhash National Institute of Sports, Patiala is the academic wing of SAI. It has courses in sports coaching and sports medicine.

Lakshmibai National College of Physical Education, Thiruvananthapuram: This institute also comes under SAI and is affiliated to University of Kerala. It offers Bachelor of Physical Education, Master of Physical Education and Sports, M.Phil and Ph.D in Physical Education

Soon more universities viz. International Sports University, Pune; Delhi Sports University; Major Dhyana Chand Sports University, Uttar Pradesh and Haryana Sports University, Sonepat are expected to offer more courses in the field of sports.

Continued from page 2

PM-DevINE Scheme: Rise of a New Dawn ...

export destinations have been Bangladesh, Bhutan, the Middle East, the UK and Europe. The Mission Organic Value Chain Development for North Eastern Region is already providing an impetus to the eight North East states to develop certified organic produce in a structured value chain mode linking farmers with end-consumers. Under the scheme, 30000-50000 farmers of North East region would be empowered through creation of about 100 farmer-producer organisations. The PM-DevINE's emphasis on promoting scientific organic farming along with the ongoing initiatives of different arms of the Central Government and the respective state governments will give a further fillip to organic farming in the region.

Financial Outlays under PM-DevINE Scheme:

In October 2022, the Union Cabinet, chaired by Prime Minister Shri. Narendra Modi, approved the PM-DevINE scheme for the remaining four years of the 15th Finance Commission from 2022-23 to 2025-26. The PM-DevINE Scheme will have an outlay of Rs.6,600 crore for the four-year period from 2022-23 to 2025-26. Efforts will be made to complete the PM-DevINE projects by 2025-26 so that there are no committed liabilities beyond this year. This implies front-loading of the sanctions under the Scheme in 2022-23 and 2023-24 primarily. While expenditure would continue to be incurred during 2024-25 and 2025-26, focused attention will be given to complete the sanctioned PM-DevINE projects. Measures would be taken to ensure adequate operation and maintenance of the projects sanctioned under PM-DevINE so that they are sustainable. To limit construction risks of time and cost overrun, the projects would be implemented on Engineering-Procurement-Construction (EPC) basis, to the extent possible.

PM-DevINE is expected to lead to creation of infrastructure, support industries, social development projects and create livelihood activities for youth and women, thus leading to employment generation in the region, where average unemployment rate is 9.1% against the all-India unemployment rate of around 8%. Given the lack of private industries in the North East Region, most adults look for government jobs or migrate to other parts of the country in search of employment.

Objectives of PM-DevINE:

- Fund infrastructure convergently, in the spirit of PM Gati Shakti;
- Support social development projects based on felt needs of the NER;
- Enable livelihood activities for youth and women;
- Fill the development gaps in various sectors.

There are other Ministry of DoNER (MDoNER) schemes for

the development of North Eastern Region but the average size of the projects is about Rs. 12 crore only. PM-DevINE will provide support to infrastructure and social development projects which may be larger in size and will also provide an end-to-end development solution instead of isolated projects. It will be ensured that there is no duplication of project support under PM-DevINE with any of the other schemes of the Ministry of DoNER or those of any other Ministry/Department.

While some of the projects to be approved for 2022-23 under PM-DevINE are part of the Budget announcement, projects with substantial socio-economic impact or sustainable livelihood opportunities for the general public (e.g., basic infrastructure in all Primary Health Care Centres, comprehensive facilities in Government Primary and Secondary Schools, etc) may be considered in the future.

The justification for announcement of PM-DevINE is that the parameters of the North East States in respect of Basic Minimum Services (BMS) are well below the national average and there are critical development gaps as per the BER District Sustainable Development Goad (SDG) Index 2021-22 prepared by NITI Aayog, UNDP and MDoNER. The new Scheme, PM-DevINE was announced to address these BMS shortfalls and development gaps.

Institutional arrangement to administer the PM-DevINE Scheme:

The allocation for PM-DevINE Scheme will be communicated every year by the Ministry of Finance to Ministry of DoNER. The projects to be taken up under the PM-DevINE Scheme can be proposed by the Central Ministries/Departments or the individual State Governments. The scheme will be implemented by the Central Ministries/Departments or the North Eastern Council / State Governments, through the Implementing Agencies identified project-wise. An Empowered Committee under chairmanship of Secretary, Ministry of DoNER has been formed. The Committee will be serviced by the Ministry of DoNER. It will screen, appraise and recommend project proposals for implementation by appropriate agency. The Committee will also monitor progress of sanctioned projects to ensure the utilization of the allocated funds under PM-DevINE Scheme.

The functions of the Empowered Committee are:

- To assess projects/schemes proposed under PM-DevINE Scheme by the Central Ministries/Departments and North Eastern Region States in terms of viability and tangible socio-economic impact.

- To discuss the list of projects with the representatives of concerned Central line Ministries/Departments of Government of India and State Governments; and make suitable recommendations for funding of identified projects.
- To recommend the implementation time frame for the identified projects and the physical and financial milestones.
- To recommend effective means for Monitoring and Evaluation through field inspection on a periodic basis and also recommend for suitable third-party monitoring.
- To suggest a suitable mechanism for Operation and Maintenance (O&M) of the projects undertaken in PM-DevINE.
- To suggest policy changes to obviate bottlenecks in project implementation.

Identification and Formulation of Projects:

Some of the key guiding principles for projects to be submitted by Central Ministries/Departments and NER States to be funded under PM-DevINE Scheme are:

- The maximum and minimum amount which may be sanctioned under the PM-DevINE Scheme shall be Rs.500 crore and Rs.20 crore respectively, in any one scheme, intervention or project.
- Each location-specific project would be counted as one; and clubbing many projects into one to increase the size of the project would not be acceptable.
- The North Eastern States will submit an annual list of proposals along with Concept Papers / Notes, for projects to be funded under PM-DevINE Scheme. Central Ministries/Departments or NEC, Shillong may also propose projects similarly, for funding under the PM-DevINE Scheme.
- NITI Aayog and MDoNER, in collaboration with UNDP, have prepared the NER District SDG (Sustainable Development Goal) Index (Baseline Report 2021-22), which inter-alia points the SDG gaps at district level in the Region. This Report (and its updates) would increasingly be used for project identification and formulation under PM-DevINE. The Concept Paper/Notes of proposed projects would invariably include justification of the project also in terms of the identified SDG gaps.
- One of the objectives of PM-DevINE is to fund infrastructure in the spirit of PM GatiShakti. For availing such funding under the PM-DevINE, NE Region States or Central Ministries / Departments will have to ensure updation of required data layers on PM GatiShakti National Master Plan (NMP) including land revenue maps, formulation of State Logistics

Employment News

Question of the Week

International Human Solidarity Day is observed on 20th December every year to raise public awareness of the importance of solidarity. The power of the human spirit to come together and work for the betterment of the human population has brought multiple revolutions worldwide. In what way have you witnessed the power of Jan Bhagidari?

Entries may be sent to writetous.en@gmail.com latest by **28/12/2022** in English/Hindi/Urdu and should be of **200 to 250 words**. Entrants must clearly mention their **Name, Age, Full Address, Email ID and Contact No.** The entry adjudged best will be published in **Employment News/Rozgar Samachar (issue dated 7 - 13 January 2023)** and will be eligible for a **three-month free subscription of Yojana/ Kurukshetra/ Ajkal as per the winner's choice.**

BEST ENTRY FOR

ISSUE DATED

26 November - 2 December 2022

Question: National Pollution Prevention Day is observed on 2nd December every year in India. The day is observed in the memory of people who lost their lives in the Bhopal gas tragedy, which is considered one of the most devastating industrial pollution disasters in the country.

To avoid such tragedies in the future, what steps in your opinion should the industries take to manage industrial waste and also reduce their harmful impact on the environment?

**PRACHI DIXIT
JODHPUR (RAJASTHAN)**

Post midnight on 2nd and 3rd Dec, 1984, Methyl Isocyanate (MIC) leaked from Union Carbide in Bhopal. This was a devastating incident that shook the country. After this, the government enacted Public liability insurance act. The national pollution prevention day is dedicated to encourage people and industries to adopt pollution control measures. Industrialisation though beneficial to humanity, but it's misuse has created harmful effects on air, water, land, environment etc., through activities like burning of fossil fuels, discharge of untreated waste in rivers and use of chemical solvents, the list is long. The measures which should be taken to decrease harmful effects are- better management practices of waste like reusing water for industrial activity, greenhouse gas mitigation like gas cap programs, smarter land use like promotion of reforestation, use of advanced technologies, like using of microbes to curb oil spill, promoting awareness, implementing strict laws like regular environment impact assessment and following guidelines of judgements like M.C. Mehta v/s Union of India. Making NGT and CPCB more powerful etc. The better management of industries and sustainable use of resources is essential for survival of human race, as we have not taken this environment from our elder generation but borrowed from future ones! This will ensure implementation of article 21 of constitution and will ensure fulfillment of SDG 9.

NATIONAL

■ Winter Session of Parliament Begins

The Winter Session of Parliament has begun (from December 7, 2022), with the Prime Minister, Shri. Narendra Modi calling for collective efforts from all political parties to make the session more productive. He described the session as significant in the context of India assuming the G20 Presidency and entering the 'Amrit Kaal'. The Winter Session will last till 29 December, with 17 sittings over 23 days. Sixteen new bills are expected to be tabled in this session, including the Multi-State Cooperative Societies (Amendment) Bill, 2022. This is also the inaugural session where the Vice President, Shri. Jagdeep Dhankar officiated proceedings in the Rajya Sabha as the ex-officio chairman of the Upper House.

■ Centre Approves PADMA as Self-Regulatory Body

The Central Government has approved the Print and Digital Media Association (PADMA) as a self-regulatory body for publishers of news and current affairs across the country. An official order issued by the Ministry of Information and Broadcasting, stated that the organisation will be headed by former High Court Judge Shri. Mool Chand Garg and a part-time member of Prasar Bharati Shri. Ashok Kumar Tandon and journalist Shri. Manoj Kumar Mishra as members. With this, PADMA has become the ninth self-regulatory body approved by the Ministry since May 2021, under Rule 12 of the Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Rules, 2021.

■ Government Accords 'In-Principle' Approval to set up 21 Greenfield Airports

In a written reply to a question in Rajya Sabha, Minister of State in the Ministry of Civil Aviation Shri. V. K. Singh informed that the Centre has given 'In-Principle' approval to setting up 21 Greenfield airports across the country. He also informed that out of the 21, nine Greenfield Airports, Durgapur, Shirdi, Kannur, Pakyong, Kalaburagi, Orvakal (Kurnool), Sindhudurg, Kushinagar and Donyi Polo, Itanagar, have already been operationalised. The development of a Greenfield Airport is governed under the Greenfield Airports (GFA) Policy, 2008.

■ First Episode of Light & Sound Show of Pradhanmantri Sangrahalaya Launched

The first episode of a light and sound show hosted at the Pradhanmantri Sangrahalaya in New Delhi has been launched. The show is an important addition to the museum complex. The first episode presents the remarkable journey of India's space programme since Independence. The 30-minute-long episode offers information about ancient Indian knowledge, including mathematics and astronomy which immensely contribute to the development of the country. The script covers all the major milestones of India's remarkable space journey. The show has an interesting script wherein a young inquisitive girl seeks innocent information about the universe beyond Earth. Actor Shri. Amitabh Bachchan has lent his voice to the script. The second show will cover the bravery of unsung women warriors of India's struggle for Independence. It is expected to be ready by February 2023.

INTERNATIONAL

■ India to Resume e-Visa Facility for UK Citizens

India is set to resume the e-Visa facility for the citizens of the United Kingdom travelling to the country. This move comes for the first time since the COVID-19 outbreak in March 2020. High Commissioner of India to UK, Shri. Vikram K Doraiswami, in a video tweet, said that the service will be made available to the citizens forthwith and the dates

will be announced shortly. The Indian High Commission in London updated, in a tweet, said that system upgrade is underway and the visa website will soon be ready to receive applications from UK citizens. Earlier in August, UK Immigration Statistics said that Indian nationals were issued the largest number of UK study, work, and visitor visas. India has now overtaken China as the largest nationality being issued sponsored study visas in the UK.

■ EU Agrees on Law to Ban Products Linked to Deforestation

The European Union (EU) has agreed on a new law to prevent companies from selling commodities into the EU market linked to deforestation around the world. The regulation will apply to soy, beef, palm oil, wood, cocoa, coffee, some derived products, including leather, chocolate and furniture. The law will require companies to produce a statement showing that their supply chains are not contributing to the destruction of forests before they sell goods into the EU. The companies would need to show when and where the commodities were produced with verifiable information that they were not grown on land deforested after 2020. Failure to comply could result in fines of up to 4 per cent of a company's turnover in an EU member state.

■ Dina Boluarte is the First Female President of Peru

Dina Boluarte has assumed office as the first female President of Peru. This comes after her predecessor Pedro Castillo announced plans to dissolve Congress and install an emergency government. He was subsequently impeached by the lawmakers and was detained by the police. Boluarte, the country's former Vice President, was sworn into the top job to become Peru's sixth President in under five years.

ECONOMY

■ RBI Raises Repo Rate by 35 Basis Points

Reserve Bank of India (RBI) has hiked the policy repo rate, for a fifth consecutive time, by 35 basis points to 6.25 per cent. This is the fifth hike in the repo rate since May. The Central Bank increased the rate as inflation continues to stay above its tolerance band. The repo rate is the interest rate at which the Central Bank lends money to commercial banks. RBI Governor, Shri. Shaktikanta Das, delivering the Monetary Policy Committee announcements, said that the FY23 real GDP forecast had been lowered to 6.8 per cent, which is 0.1 per cent lower than the revised estimates released by the World Bank recently. In addition, the RBI has maintained a FY23 Consumer Price Index inflation forecast at 6.7 per cent. Shri. Das added that the Rupee remains resilient and stable, but there is a need to focus on orderly evaluation of the exchange rate. He also hailed the Indian economy's performance in the face of global challenges like geo-political tensions and the pandemic, and underlined that it is the fastest growing in Asia this year.

■ India Signs Currency Swap Agreement with Maldives

The Reserve Bank of India (RBI) has signed a Currency Swap Agreement with the Maldives Monetary Authority under the SAARC Currency Swap Framework. This agreement will enable the Maldives authority to make drawals in multiple tranches up to a maximum of \$200 million from the RBI. The agreement will provide swap support as a backstop line of funding for short-term foreign exchange liquidity requirements.

SPORTS

■ India Clinches 5 Medals at Asia Junior Badminton Championship

Indian shuttlers clinched three silver and two bronze medals at the Asia Junior Badminton Championship, held in Nonthaburi, Thailand. Top-seeded young shuttler Unnati Hooda won silver in the Women's Singles Under-17. With this, she has become the first Indian to enter the Under-17 women's singles final at the tournament. Anish Thoppani secured a silver medal in the Men's Under-15 Singles. Indian under-17 men's duo Arsh Mohammad and Sanskar Saraswat also clinched a silver medal. Tankara Talasila of the Under-15 Men's Singles and Under-15 Men's Doubles pair Bjorn Jaison and Aathish Sreenivas secured a bronze medal each in their respective events.

■ Silver for Chanu at Weightlifting World Championship

Olympic silver medalist Mirabai Chanu won silver at the 2022 World Weightlifting Championships in Colombia. This was Chanu's second medal at the World Championships, having previously won gold in 2017 with a lift of 194 kg.
